Why Altitude?

We love what we do.

We have **real-life success** in bringing accommodation and technology together to create an ecosystem from the ground up. We truly believe in what we do and are endlessly excited about what we help operators achieve.

Our solutions are modular.

This gives you the freedom to build your guest experience exactly as you picture it.

Add, remove, change, modify or mould our solutions to build your ideal guest experience and operations platform.

Tell us what you want to achieve and we will help get you there.

We're ready when you are.

We have carefully developed both **plug and play** and **fully customised** solutions to suit all types of properties.

We're thinking about the future.

Like you, we are always thinking about the **future of technology in accommodation** and how we can enhance every day experiences.

Collaboration is key.

We **collaborate** with our customers to ensure our solutions are the best they can be and the best fit for your property.

How it works

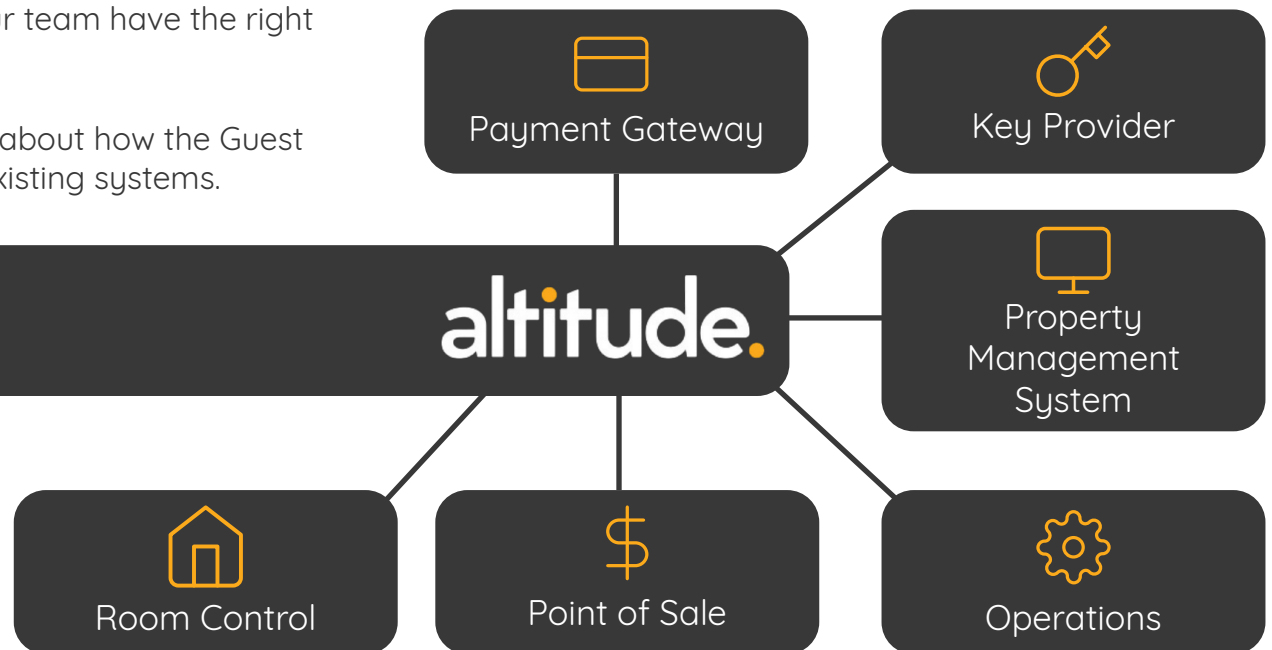

Altitude is an extensively integrated, hub-and-spoke platform.

The Guest Experience Platform **integrates directly** with solutions throughout your property to **update information in real-time** and **enable streamlined** back-of-house operations.

Depending on your existing technology, two way integration between Altitude and your other solutions allows you to expertly craft your technology ecosystem.

This ecosystem can deliver your guest experience and back of house automation, where both guests and your team have the right information at the right time.

Feel free to contact the Altitude team to learn about how the Guest Experience Platform can integrate with your existing systems.

Guest Experience

Guest App

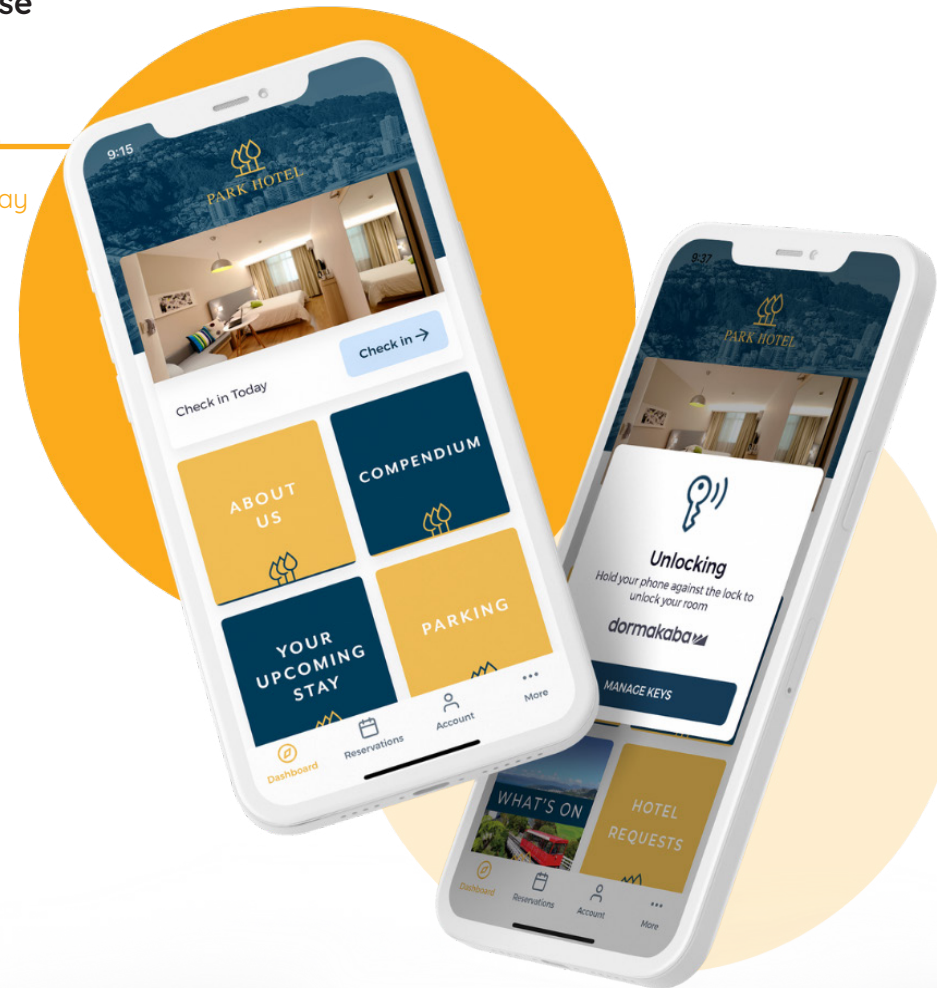

Altitude's Guest App gives your guests **flexibility** and **freedom** to **personalise** their stay at your property with **powerful guest experience features**.

The Guest App is a **fully customisable, downloadable or web-based app** that reflects your brand in both look and feel with intuitive and easy to update features.

Thank you for taking the time to read our Guest Experience Platform overview.

We love to see properties reach their full potential with the support of technology. We are passionate about helping operators and their teams create memorable experiences for guests, all while enjoying efficient back of house operations through automation.

We develop modular guest experience technology which is easy to use, implement and manage - that's why we call our solutions building blocks for smarter accommodation.

If you would like to learn more about Altitude or take a deep dive into our guest experience platform, get in touch with us by visiting www.altitudehq.com, or emailing hello@altitudehq.com.

We would love to hear your feedback on the work we do and work with you to find the right solution for your property.

Thank you again and we look forward to working with you!
